

Vol. 43

CONTENTS

Preface (The editors)

Sustainable Development Thought: the Development Philosophy for Human Being in 21st Century (Lu Qi)

Population and Land Use/Cover Change: A Regional Comparison between Central America and South America (David L. CARR, Richard E. BILSBORROW)

Population Growth and Changing Land Use/Land Cover in the Himalayan Ecosystem: A Case Study (Mritynnjay M. JHA)

Land Use and Cover Change and Comprehensive Food Security in the Indio-Gangetic Plains: Challenges and Responses (R. B. SINGH)

Major Types of Land Use Changes in the Czechs Republic 1845–1948–1990 (Ivan BICÍK, Leoš JELEEK, Vít ŠTEPÁNEK)

Land Use and Land Cover Change in Russia (Contribution to a Pilot World Atlas on LUCC (Elena V. MILANOVA, Boris A. ALEXEEV, Vladimir N. SOLONTSEV)

The Forest Change and the Driving Force in Northeast China since 1900 (Zhang BAI)

Land Use and Land Cover Change in Montane Regions of Mainland Southeast Asia (Dietrich SCHMIDT-VOGT)

Reclamation of Tidal Flats and Environmental Issues along Western Coast of Korea (Manik HWANG)

Land Dynamics in Delhi's Urban Fringe: Private and Public Actors in Contest (Peter C. J. DRUIJVEN, Johan V. BENTINCK)

The Environmental Sustainability of Land Transfer in South Africa: The Case of Gallawater in the Eastern Cape (Simphele E. MINI)

Landscape Changes Detection, Analysis and Assessment in the Phare Countries – the Czechs Republic, Hungary, Romania and Slovak Republic (Ján FERANEC, Marcel Šúri, Ján OT'AHEL', Tomáš CEBEAUER, Jan KOLÁŘ, Tomáš SOUKUP, Dagmar ZDEŇKOVÁ, Jiří WASZMUTH, Vasile VÂJDEA, Anca-Marina VÎJDEA, Constantin NITICA)

Land Use Changes According to Relief in the Last 200 Years: a Case Study (Matej GABROVEC)

Changes in Area and Quality of Arable Land in China (Qinxue WANG, Kuninori OTSUBO)

Contiguous Spatial Classification: A New Approach on Quantitative Zoning Method (Ernan RUSTIADI, Shintaro KOBAYASHI)

Implications of NDVI Change for Large-area Land Cover monitoring, Asia, 1983–1994 (Jeong-Chang SEONG)

Measuring Spatial Association of Aquacultural Land Use in Taiwan (Bor-Wen TSAI, Ksang-Tsung CHANG, Chang-Yi CHANG, Jen-Ming CHU)

Influences of Human Activities to Land Cover Changes and its Impact on Potential Evapotranspiration Over Asian Region (Eleonora RUNTUNUWU, Akihiko KONDOH, Agung Budi HARTO, Teguh PRAYOGO)

Soil Resources Evaluation Map Based on Land Use Change in Izu Peninsula, Japan (Nobusuke IWASAKI, Makiko WATANABE)
